OFFICE OF

The Additional Director of Industries & Commerce in Mysore, Bangalore.

Date 3-2-1955

To

The Secretary to Government,
Development Department, Bangalore.

CMN.

Sir,

Purchase of One Automatic Soap Cooling and Drying Plant for the Government Soap Factory, from the Depreciation Fund.

I write to state for information of Government that the General Manager, Govt. Soap Factory, has reported on the necessity and desirability of installing an Automatic Soap Cooling and Drying plant to produce dried Soap chips in the new Factory at Rajajinagar. A copy of the General Manager's note is sent herewith for information. As could be seen, this item of machinery was originally included in the list of Soap Plant & Machinery to be purchased from abroad but was ~~deferred~~ deferred until the building of the new factory was takenup. Now the time is opportune for the installation of this equipment which will improve the quality of dried toilet soap chips and also standardize the whole technique. This will place the new Govt Soap Factory on a par with other leading ~~factories~~ manufacturers like Lever Bros., Tatas and Swastik, who have all installed similar equipment in their factories to ensure uniformity of quality of the Toilet Soap. In addition, a saving of 7 days is attained in the time required to complete the process and this will aid further increased production thereby securing substantial economy in the operational expenditure.

The Govt. Soap Factory had also secured the necessary Im License to Import this equipment from abroad and this license has been validated up to 26-1-1956, and the purchase has to be effected before that period. The estimated cost is about Rupees one Lakh.

p.t.o.

In the circumstances, I request sanction of Government to purchase one Automatic Soap Cooling and Drying Plant to produce dried toilet soap chips (4 tons for 8 hours shift) at a cost of Rupees One Lakh. The expenditure will be met out of the Depreciation Reserve Fund Investment of the Factory which stood at Rs.2,67,577/- on 1-4-54. The purchase will be made through the Stores Purchase Committee.

I request early orders of Government as the Import License will expire on 26-1-1956.

Yours faithfully,

MSSwaminathan

(M.S. Swaminathan.)
Additional Director.

GOVERNMENT SOAP FACTORY, BANGALORE.

54P/Dec

Bangalore- 1
D/ 24th Jan'y 55.

Submitted to the Additional Director of
Industries & Commerce in Mysore (Concerns Sn)
Bangalore.

Subj:- Purchase of an Automatic Soap Cooling & Drying Plant to produce dried Soap Chips.

I beg to report for your kind information that among the items of Soap Plant and Machinery which were originally proposed to be purchased was one Automatic Soap Cooling & Drying Plant to produce dried Toilet Soap Chips. However, on grounds of economy the purchase of this item was ordered to be deferred until the shifting and expanding the Soap Factory at Rajajinagar materialised. Now that we are going ahead with the construction of new buildings at Rajajinagar and also purchasing other plant and machinery and equipment (the new Toilet Soap Plant has already been received here from W-Germany) the time is now oppurtune to go in for an Automatic Soap Cooling Plant to be installed at the new Factory. This plant will produce dried toilet soap chips (of desired fatty acid content) from the hot soap coming straight from the Pan and the whole process will be over in one day as compared to 8 days required at present. Further a uniform quality of driage of the chips is assured which will help the production of better toilet soap, besides several other advantages of economy in operational expenditure, etc.

I therefore propose that we purchase an Automatic Soap Cooling and Drying Plant to produce about 4 tons of Dried Soap Chips, per day of 8 hours. The plant is estimated to cost about Rupees One Lakh. The necessary Import License to import the plant has been obtained by us and the License has been validated up to 26-1-1956.

The expenditure on this account may be met from the

p.t.o.

the Depreciation Reserve Fund Investment of the Factory which stood at Rs.2,67,577/- on 1-4-1954.

I request your kind approval for the above ~~xxx~~ proposal. A draft letter to Government is also submitted for favour of kind approval and issue for ~~xxxxxx~~ obtaining sanction of Government.

(B.K.Thungappa.)
General Manager,
Government Soap Factory
Bangalore.
